Phin Wright and wife, of Tolu had a miraculous escape from death last Thursday. They were returning to their home, after

spending the day here, when their car turned over and pinned them both underneath. Fortunately they were near the home of J. B. #### Marion Girls Doing Their Bit.

The young women of Marion, Ky. have organized to cheer the drafted men on their way as an added incentive to strike for "Berlin or bust." Last night the young women gave a farewell dance at the home of Miss Linda Jenkins in honor of the boys who are soon to leave for the army.

The young women are not confining their war work to social activities, but have been ardent workers for the Red Cross, and it was mainly through their efforts, that the home of Ollie James far exceeded its quota of the Red Cross fund.—Courier, Journal.

Walter McConnell left Monday for Detroit with his brother, Marion McConnell, who will be placed under a noted specialist of that city.

Rev. James F. Price preached at Crayne last Sunday. Next Sunday he will go to Pryorsburg.

### BRISCOE 1918 CAR

This new 1918 model BRISCOE touring car is a beauty and has a record of 25 to 30 miles per gallon of gasoline in ordinary use.

But the biggest economy is in the first cost of the BRISCOE which is \$825.00 F. O. B. Jackson, Mich., and embodying as it does the "half million dollar motor" and a proved chassis is less than the price of any car of equal strength, and good looks. We have been fortunate in receiving the agency of the BRISCOE for Caldwell, Lyon and Crittenden counties. Let us show you this wonderful car.

## Grand Opera Artist Will Sing On the Third Night of the Chautauqua

MARGERY MAXWELL. Copyright by Matsene, Chicago.

This year the Redpath Chautauquas will have a grand opera artist in Miss Margery Maxwell, brilliant soprano of the Chicago Grand Opera company. ## BRITISH KNIGHT COMING HERE

John Foster Fraser, F. R. G. S. on Redpath Chautauqua Program.

### GREAT WAR LECTURE

"The Checkerboard of Europe" Is Topic to Be Discussed by Famous British Journalist and Traveler.

Sir John Foster Fraser, F. R. G. S., chairman of the National War Lectures committee of Great Britain and England's most famous newspaper special correspondent, is to lecture on this year's Chautauqua program.

He has been with the British army in France and Flanders, with the British grand fleet, has seen Russia under war conditions, and has traversed the whole of the mountainous region of the Balkans. By the special permission of the British prime minister, Mr. Lloyd-George, he has visited the principal government munition works in England and Scotland.

Sir John, who is a native of Edinburgh, Scotland, has done more varied

SIR JOHN FOSTER FRASER, F. R. G. S.

traveling than any man alive, having been in nearly half a hundred different countries.

Sir John has described his wanderings in a dozen books. He has long been famous in Great Britain as a speaker with a personality. Indeed as the London Press says, "He is as brilliant on the platform as he is with his pen."

When the war began in 1914 his unique knowledge of foreign lands was placed at the service of his country. These have been publicly acknowledged by the British government. In June, 1917, the honor of knighthood was conferred upon him by King George at Buckingham palace.

The subject of his lecture will be "The Checkerboard of Europe."

## "REBUILDING THE WORLD"

Is Topic of Dr. Geo. H. Bradford at Chautauqua.

### A THRILLING LECTURE

University Chancellor, Scholar of Ram Attainments, States Position of America on New World Order.

Chancellor George H. Bradford, who lectures here on the Redpath Chautauqua this season, so resembles William Jennings Bryan in personal appearance that he is often mistaken for the former secretary of state.

Dr. Bradford spent 18 years as a university student and university chancellor. He is a scholar of rare attainments but he also knows life. He is

CHANCELLOR BRADFORD.

a man's man. He likes to hunt and spends a few weeks each year in the woods. He says it is romping that stimulates better work when he gets back. He says he can't go by a shooting gallery in a city without going in, and he seldom misses the bull's-eye. He has actually broken as many as 72 blue rocks in succession.

In Oklahoma when they wanted a man as chancellor of a new university, they sent for Dr. Bradford. They needed a man of big ideas and big purposes and strong character, capable of working out great problems in an original way—a way that was best suited to somewhat unusual conditions. It is needless to say that they got the right man in Chancellor Bradford.

Dr. Bradford has just prepared a new lecture, "Rebuilding the World," which takes account of problems as they are today and states the proposition that America must be the leader in the new order of things.

## HOLD THE BATTLE LINE IN FRANCE

Feed the American Army—Save the Wheat Flour

## THE PATRIOTIC PLEDGE

Ky., 1918.

I have a family of \_\_\_\_\_ persons living at my home. I have on hand \_\_\_\_\_ pounds of wheat flour. I agree that in my home we will not use more than six pounds of wheat products in thirty days for each person, including flour, crackers, Victory bread, macaroni, etc., until the next harvest comes in August. I agree to hold at my home all wheat flour which I have on hand over a thirty days' supply for my family on the ration of six pounds per month per person, and to dispose of such surplus as the United States Food Administration may direct in the interest of National Safety. If my surplus flour is given to the Government, I am to be paid what it cost me.

I make and sign this pledge as an American citizen to aid in the winning of the war.

P. O. Address \_\_\_\_\_

Cut out the above pledge. Fill in the blanks. Sign your name and address and mail to your County Food Administrator at once.

Wheat! Wheat! Wheat!!! This is the great national necessity at the present time. It is needed for the immense armies we are sending abroad at the present time. It is needed for the Allied armies who are so gloriously holding the Battle Line in Western France until the Americans can get "on the job" and drive the German Hordes back across the Rhine.

It is wheat flour that is so badly needed for bread stuffs over there. It is wheat flour that the American Government must have and our American Patriots at home must provide it by savings in the homes. There is no other source of supply until the next harvest. Thus duty calls us to our part in the war.

Knowing that all loyal citizens are glad and willing to conform their households to the six pound ration until the new harvest, but knowing also that we have some among us who are disloyal and pro-German and perhaps not averse to seeing sacrificed the splendid brave youth of the nation who are going from our homes to fight for our freedom, the Government is protecting our loyal citizens against those disloyal in meeting this call for the saving of wheat flour. There is on the Statute Books a law against hoarding under which those who hold an unreasonable amount of flour are being prosecuted by the Department of Justice in the Federal Courts. The penalty for convicted hoarders is a fine not to exceed \$5,000, and imprisonment not to exceed two years, or both.

The Food Administration has determined the amount of wheat that is available from now until harvest for the American people. It has determined that a reasonable use must not exceed six pounds per month per person and has stated that it is unreasonable in this emergency to have on hand more than a thirty days' supply on this ration for our householders.

Any person who has on hand more than this amount is liable to prosecution as a hoarder of flour under the law on orders from the Food Administration. The procedure is by indictment in the Federal Court.

Recognizing, however, that many patriotic persons, following practices formerly considered legitimate and usual, have laid in larger quantities of flour than in this time of National Emergency is considered reasonable and right, and that many of these persons acted in so doing from proper motives, the Food Administration in the interest of fairness and justice, now offers to those citizens who have thus acted in good faith, the opportunity of showing their patriotism and insuring themselves against the notoriety and penalties that would result from prosecution.

No person in Kentucky, therefore, who makes and files with their County Food Administrator the statement disclosed in the Pledge at the head of this article and holds his surplus flour for the Government, agreeing to turn it over if it is needed, will be prosecuted by the Government for hoarding flour.

The Food Administration will not call for your surplus unless it is necessary, and when it does call, will leave you your thirty days' supply, but it must know where the flour is and it must have your promise to turn it over as a measure of National Safety.

In some Kentucky counties, owing to shortage of supply, it has already been found necessary to direct that excess holdings be marketed, but it is only in cases of emergency that such action is contemplated.

When this call comes to you think of the needs of our soldiers, the brave boys who fight our battle for freedom, for the safety of our homes from the menace of the Huns. Don't let anyone say you are a slacker because you have not offered your surplus to the Government in time of need. Every pound of flour now counts in this time of trouble. Remember also that the influence of your offer on other citizens not so patriotically inclined, may save the lives of many brave boys from your own home town. Make your sacrifice for them and inscribe your name in this pledge on your Country's Roll of Honor!

FRED M. SACKETT,

Federal Food Administrator for Kentucky.

May 17th, 1918.

### Canada Reduces Wheat Consumption.

Home consumption of wheat in Canada is now being reduced about 50 per cent to make possible an increase in wheat exports.

### Be More Efficient Than the Enemy.

"The only way to win the war," Progressive Farmer believes, "is for us to be more efficient than the enemy. If the Hun soldier is efficient, ours must be made more efficient. . . . If the German farmer is efficient in feeding and clothing the German army, the American farmer must prove himself more efficient."

—Save Food—

### U. S. Cornmeal Output Doubled.

A canvass of the whole country by the Food Administration shows that the actual milling output of cornmeal increased from 3,000,000 barrels in October to nearly 6,000,000 barrels for March. During the past 18 months, the output of corn flour has increased 500 per cent.

—Save Food—

### No Sacrifice, Just a Change.

The program of food conservation in the United States leads Missouri Ruralist to say: "We Americans have not yet been asked for any real sacrifice. Our meatless day and wheatless meals are merely a matter of changing the bill-of-fare, substituting one food for another and are nothing compared with the rationing imposed on the English people and the voluntary rationing asked of the Canadians."

Says the Idaho Farmer: "The bread ration of the allied soldiers now facing the fearful onslaughts of German guns and gas has been reduced. Why? Because they haven't enough to go around. They haven't enough wheat to make their war bread out of. What are we going to do about it?"

—Save Food—

### "It Is the War."

In France fifty per cent of the total energy of the people is said to go into military effort. Hardships, hunger, sorrow—all suffering is excused with the explanation, "It is the war." This is the kind of spirit needed in every American home.

—Save Food—

### Put Every Acre to Work.

In an editorial reviewing handicaps and hardships of the past, Michigan Business Farming has this to say about the future: "The time for finding fault with things, which for reasons perhaps more cogent than we can realize can not be changed for the time being at least, has passed. Now that the planting season is near and the farmer must soon decide upon his acreage, let us have done with fruitless complaining, put our hands to the plow and do OUR part in winning the war. . . . Never let it be said that a soldier suffering hunger or that a child in far-off Belgium died from starvation because you failed in this great hour of need to grow the mite of food which might have nourished them."

## MARGERY MAXWELL GRAND OPERA STAR

Was Principal With Galli-Curci In "Dinorah."

### SINGS AT CHAUTAUQUA HERE

As Member of Chicago Grand Opera Company Scored Successes in Chicago, New York and Boston.

An evening with a grand opera artist has twice before proven a great attraction on the Redpath Chautauqua circuit, and now after one season without a prima donna, this year's program is to have a grand opera star in Miss Margery Maxwell, the gifted young soprano who appeared this year as a principal with Galli-Curci in the Chicago Grand Opera company in Chicago, and who accompanied that organization on its tour to New York and Boston.

Miss Maxwell will appear on the third night of the Chautauqua here, accompanied by two assisting artists, a violinist and a pianist.

Miss Maxwell made her debut with the Chicago Opera company this fall as Una Capraia, in "Dinorah." This first appearance was a decided success and especially noteworthy as she was

MARGERY MAXWELL.

one of the six principals with Amelita Galli-Curci and Giacomo Rimini in the cast. The following day in all Chicago papers the critics commended her work most highly.

During the Chicago opera season Miss Maxwell sang in "Dinorah" several times and also in "Manon," "The Jewels of the Madonna," "Lakme," "Francesca di Rimini" and "Louise," each time delighting the audience with the unusual beauty and range of her lyric soprano voice.

Miss Galli-Curci is most enthusiastic in her praise of "the (American) Miss Maxwell's superb voice."

At the close of the Chicago season, no one was surprised to find Miss Maxwell among those chosen for the Eastern tour of the Chicago Grand Opera company. The recognition given her in the East was no less than she received in her home city. The New York Morning Telegraph used a large picture of her with an interesting feature story the morning after her first appearance and the Evening Mail, in a Saturday edition, published her photograph in a group with Geraldine Farrar, Ricardo Stracciari and Gordon Key.

Miss Maxwell is a pleasing, whole-hearted American girl. All her spare minutes she spends in knitting and at present she says one of her great ambitions is to go to France and sing for the wounded soldiers.

Mr. Mulholland's first visit to Europe was made when he was nineteen years old. At that time he went on a bicycle trip through Ireland, England, Scotland, Holland, Belgium, Germany, Austria, Montenegro, Greece, Italy and France.

He occupied a prominent place among those concerned in arranging for holding the Olympic games in Athens, Greece, in 1896, and he had considerable to do with the erection of the great stadium in Athens at that time.

Mr. Mulholland is a resident of Toledo, O., having lived there for the past twenty years. He is past president of the Commerce club of Toledo, with a membership of 4,000. He has been a member of the board of directors of that club for six years. He is also a past president of the Toledo Rotary club.

An attorney by profession, Mr. Mulholland has appeared in numerous important cases, including cases carried to the Supreme court of the United States, and has won a reputation as an eloquent pleader.

Mr. Mulholland is one of the most magnetic and eloquent speakers ever heard on the Chautauqua platform. His whirlwind delivery, galling-gun verbal speed, and wonderful personality make him a master of his audience.

# ACCLAIM, ALSO, THE LIVING!

## CLINTON SCOTT OF THE VIGILANTES

Burn, fires,  
Upon your hallowed altars!  
And, winds, attune from all your patriot psalters  
Words fitting for our choirs!  
Today there should be singing,  
Not only for the dead,  
And their upyielding lives of sacrifice,  
But also for the living, in whom lies  
The selfsame spirit as was theirs who bled  
In such unselfish wise  
Wherever our brave battleflag was flinging  
Its folds unto the skies!

And, too, there should be flowers—  
Flowers for the feet and flowers for the brows  
Of those who have taken vows  
To guard the shrine of Freedom overseas.  
Theirs the dark hours,  
Theirs the stark agonies;  
Theirs, it may be  
To shed their precious blood for Liberty.  
So while we hail those gone, with high thanksgiving,  
Let us acclaim the living!

## Let Us All Remember!

By HENRY SEDGWICK.

MEMORIAL DAY has come again. Let us retire into ourselves, and let us remember. The earliest settlers in this country, whether they came with Capt. John Smith, with the Pilgrims, the Puritans, the Dutch, the Quakers, or the Catholics, whether they came early in the seventeenth century or whether they came in the exodus from Ireland in the lean years of the nineteenth, or in the flight before the reactionary dominion established in Europe after 1848, or whether they came to escape pogroms in the beginning of the twentieth century, all, in their respective ways, grappled boldly with the difficulties of life, and brought their purposes to accomplishment. Let us remember.

The noblest figure of the eighteenth century, he the others who they may, is that of George Washington, who in the first great trials of our national life raised "a standard to which the wise and the just could repair," and left the issue in the hands of God. Let us remember.

The noblest figure of the nineteenth century, excepting no one, is that of Abraham Lincoln, who by his heroic saintliness, his heroic patience, his heroic conception of duty, his heroic humility, led his people through the fiery trials of the Civil war. Let us remember.

We have doubtless made mistakes; we have neglected duties; we have overestimated the value of riches; we have cared too much for luxury; we have failed to establish justice for the masses; we have not brought democracy to ripeness; we have forgotten the true road; we have sought to worship both God and mammon; but we have not let the fires of hope—that the spirit of brotherhood shall prevail among all Americans and between America and all the world—die out in our hearts. Let us remember.

Now we confront the greatest trial that our nation has faced. The strongest power in the world, built up on its military foundation, as solid as the Roman colosseum, and animated by titanic pride and ambition, has set out to dominate the world. Let us remember George Washington, shut our teeth, draw the sword and fling the scabbard away, until German sense of justice shall triumph over German brutality. This means effort, effort, effort; all the people, men and women, putting all their strength into the great task until the will of 100,000,000 people, resolute to put down wrong, shall prevail. It means sacrifice of life and limb on the plains of France, on the high seas, on the Alpine slopes of Italy, and, at last, on the roads and fields of Germany. It means abstinence and self-denial at home, cutting off luxury, cutting down

a disciplined man, pure from prejudice, untainted by hatred, ennobled by charity, that he, in the place and at the time allotted to him, is serving great ends for the good of mankind!

The war must end in one, definite, simple way: The Prussian tyranny must be overthrown, Kaiser, shining armor, mailed fist, proclamations for men to shoot their fathers and brothers, exhortations to outdo the Hun, Krupp arsenals, military education, and all the devilish paraphernalia of the imperial system, must go. For that we must endure abstinence at home; for that we must postpone the comfortable years of increased wages, fairer prices, juster salaries, and a greater equality in sharing the material good things of the earth; for that we must refrain from obstructing the national will in any way, whether by action, or partisan criticism, or in pique or peevishness, and for that we must put down obstructors with an iron hand; for that we must do all we can to send as large an army as possible to the front, to supply it as best as we can with cannon, howitzers, mortars, rifles, airplanes, surgical units, Y. M. C. A. huts, with munitions, comforts, necessities of all kinds, until the day of victory and peace shall rise.

In this uncertain world, where the forces that control the destinies of men are hidden in clouds impenetrable to the human eye, where half of human history seems to be fantastic tracery such as a schoolboy draws on a frosty windowpane, where life seems to be the wisest "a tale told by an idiot," there is but one thing needful, and that is, that where after careful thought, painful and prayerful consideration, men convince themselves that they see the road of righteousness, they must take that road and pursue it wherever it may lead.

This is what the American people have done, and therefore with untroubled hearts on this Memorial day, in this famous year 1918, they celebrate the memories of George Washington and Abraham Lincoln. Let us remember them in thought, word and act.

### First Northern Volunteer.

The first volunteer for service during the Civil war was Dr. Charles F. Rand, and his demise occurred in his home in Washington, D. C., some years ago, after a long period of illness, the direct result of wounds received during the war.

Although for a long time there was a hearty dispute as to who was the first volunteer to sign the roll when President Lincoln issued his first call for troops, careful comparison of all claims and research as to difference in latitude resulted in the bestowal of the patriotic palm upon Doctor Rand, and he was recognized as the first volunteer by all the chief executives of the nation, from President Lincoln to Theodore Roosevelt.

comfort, going without meat and wheat, without candy and sugar, without the pleasures of palate. There is something stimulating and refreshing in self-denial and self-sacrifice. That is the lesson of Valley Forge. Let us remember it.

Can we not all together, as one people, with one voice, and one heart, on Memorial day pray:

"May the powers that move through the universe and reveal themselves in the actions of men use us as their instruments for high purposes, as they used George Washington in his day, and Abraham Lincoln in his day;

"May they steel our hearts to bear privation, suffering, death, until wrong shall be overthrown, and right be restored to its throne;

"May they strengthen our soldiers and sailors, redouble the vigor of their bodies and the might of their souls, so that they shall compel victory to follow at their heels;

"And may we always in the time of conflict, every hour of the day and every hour of the night, remember George Washington, and strike with all our national might, putting the strength of 100,000,000 people into each blow; and, in the hour of victory, remember Abraham Lincoln, and have charity for all and malice toward none."

In this state of mind we shall be the better warriors, and go to battle like Cromwell's Ironsides, confident of victory, or like Stonewall Jackson's troopers, with the fear of the Lord in their hearts and the night of the Lord in their right hands. For what is the "Lord" but the confidence of

has three members you should know if you desire to enjoy life.

1. The popular liquid form of Peruna—the reliable tonic of the American household, with a long history of success in treating all catarrhal difficulties.
2. The tablet form, which is made after the same formula and is more convenient for many.
3. Manalin, the ideal laxative, by the regular use of which constipation may be overcome and natural action restored. Manalin has no habit-forming drug, but is an aid to nature. ## Success of a New Remedy For Backache, Kidneys, Rheumatism

HAWESVILLE, Ky.—"I have just finished taking my second package of Anuric Tablets and have derived such benefits from them I am writing a few lines for publication that other poor suffering people may be helped by their use as I have been. I suffered from kidney and bladder trouble for two years. Tried doctors and almost every kind of medicine that could be heard of that was recommended for kidney and bladder trouble, but nothing helped me or gave me any relief so I could rest either day or night. I suffered untold agony and all my family and friends were certain that I would die. I saw Dr. Pierce's Anuric advertised and sent for a trial package and it helped me so much, my pain lessened and I could rest and sleep. I then sent and got two full sized packages which put me on the road to recovery. Praise to Dr. Pierce and his wonderful Anuric."—Mrs. FELIX DUNN, Route 2.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using ANURIC, the newest discovery of Dr. Pierce, who is head of the Invalids' Hotel and Surgical Institute, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort, and new strength they obtained from Doctor Pierce's Anuric Tablets, double strength. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the Anuric, send ten cents to Dr. Pierce for a large sample package. This will prove to you that Anuric is many times more active than lithia in eliminating uric acid. If you are a sufferer, go to your best druggist and ask for a 60c bottle of Anuric.

Cheerfulness is the friend and

the absence of it is certainly a  
vice.—Aughey.

suffering. The other is the cer-

human, seek to alleviate it."

I want to say to you that no

## MARRIAGES

At five o'clock p. m. Thursday  
May 30, Herbert Lamb, the pop-

ular merchant of Crayne, march-  
ed over to Rev. W. T. Oakley's  
and brought with him the splen-  
did young people, Ray Boistre  
and Miss Alma Belt, Virgil Ord-  
way and Mrs. Iva Clement. Mr.  
Ordway and Mrs. Clement, hav-  
ing made some previous arrange-  
ments before coming. Brother  
Oakley proceeded to say the  
words that made them husband  
and wife.

These young people are pure  
gold, 18 carat.

Cupid seems to be busy in  
Chapel Hill community.

A rather unique and especially  
pretty home wedding occurred at  
the residence of Mrs. Josie Min-  
ner, Wednesday evening May 22  
1918 at 9 P. M. when Mr. Earl  
Hill led to the marriage altar  
Miss Ina Minner.

raised near each  
other, were members of the  
same church, and have been lov-  
ers for some time.

The bride was handsomely  
dressed in white and the groom  
in the conventional black.

The attendants were Mr. and  
Mrs. Jesse Carlton, who were  
married the third Sunday in  
April last when the bride and  
groom in this service were the  
attendants.

So each couple was arranged  
in bridal attire, and as all are  
are fine looking young people,  
they presented a very pretty pic-  
ture as they stood together at  
the bridal altar. The bride car-  
ried white and the bridesmaid  
pink carnations. The young cou-  
ple came before their pastor for  
the marriage ceremony to a  
lovely march played by Miss  
Kitty Clement.

Ina is a fine girl, none better,  
and Earl a splendid young man.

Both are prominent young peo-  
ple and belong to our best fam-  
ilies.

The next day the happy cou-  
ple and a number of their  
friends were given a dinner fit  
for a king at the home of Earls  
father, H. O. Hill, where they  
are now at home to their many  
friends, who wish them long  
life, and happiness.

### ALL IN DRAFT AGE MUST WORK OR FIGHT.

Washington, May 23.—Drastic  
amendments to the selective

today, requires that every man  
of the draft age must work or  
fight after July 1. All draft  
registrants engaged in non use-  
ful occupations will be a choice  
of a new job or the army. Gam-  
blers and bucket shop attend-  
ants head the list of new regu-

ball players also may be includ-  
ed.

### Recruiting of Men For The U. S. Marine Corps.

The United States Marine  
Corps has been increased to 75,  
500 men and 45,000 more men  
are needed to fill the gaps. In  
connection we are starting Marine  
Corps week and there will be  
a photoplay called "The Un-  
believer," showing at the  
Grand Theatre here. It is  
known as the finest war drama  
ever produced. Marine Corps  
week begins May 29, and during  
that week meetings will be held  
in Evansville and vicinity for  
the purpose of getting recruits.  
Drafted men are accepted for  
enlistment and their local draft  
board will give them releases if  
they can pass the required ex-  
amination required for entrance  
to the corps.

Red-blooded, level-headed and  
two-fisted men are wanted by  
the Marines. College and High  
School graduates are in demand  
for higher jobs. Information  
given to all who desire.

The nearest recruiting office is  
at 8th and Main sts. Evansville,  
Indiana.

### Decoration Day Observed.

The usual Decoration Day ser-  
vices were held at the Cemetery,  
Thursday morning 9:30. May  
30th, 1918. A large crowd pres-  
ent.

Appropriate talks were made  
by Rev. J. F. Price and Mayor  
J. F. Dodge, and a Reading by  
Miss Gladys Hardy.

After these services, the elect-  
tion of Directors was held, and  
the four Directors, H. V. Stone,  
L. E. Crider, John W. Blue, and  
W. T. McConnell, were elected.  
All being of the old Board, except  
W. T. McConnell.

At 5 o'clock Thursday after-  
noon a meeting of Directors was  
held at the office of Miss Nelle  
Walker, where the further busi-  
ness of the year was taken up.  
J. R. Summerville was elected  
President, and J. F. Dodge, Vice  
President. Mrs. W. B. Yandell,  
Treasurer, and Miss Nelle Walk-  
er, Secretary.

The year starts out with a nice  
account in the bank and a  
large list of lots paid for. Two  
car loads of rock will be placed  
on the driveway during this  
month. This rock costs over twice  
as much as last year, and with  
everything else high, it will take  
more money to meet this expense.  
The Committee is very anxious  
to make this the best year, and  
is asking every lot owner to make  
some contribution. Do not be a  
slacker.

ternal revenue for the Owens-  
boro district, and William J.

### Former Circuit Judge Clifton J. Pratt Dies in Hopkins.

Madisonville, Ky., June 5 —  
Judge Clifton J. Pratt, seventy  
years of age, former Attorney  
General of Kentucky, died at his  
home here Saturday night, fol-  
lowing an illness of several  
months. Judge Pratt was a can-  
didate on the Republican ticket  
when Taylor ran against Gobel  
for Governor, and was the only  
Republican to hold office during  
the term. Gobel and the re-  
mainer of the Democratic ticket  
winning their contests.  
Judge Pratt was stricken with  
paralysis some time ago and had  
since been very ill. Judge Pratt  
returned to Madisonville several

vived by a wife and two sons.

### But One Man of Draft Age Left in Breathitt Co.

Jackson, Ky., June 4—Breath-  
itt county people today claim the  
point for patriotism. They as-  
sert there is only one man of  
draft age left in the county and  
he has arrived at military age  
since last June and will register  
in the draft June 5. All other  
young men before reaching the  
draft age volunteered. It is re-  
called that when the first draft  
was made Breathitt's credits  
far exceeded its quota.

### Trustees' Day.

Last Saturday was Trustees  
Day—the day fixed by law for  
the employment of teachers for  
the county. But owing to the  
busy times for the  
farmers, a quorum was not pres-  
ent from either educational Div-  
ision. They will meet the first  
Saturday in July. All trustees  
and teachers are expected to be  
present and make their contracts  
according to law.

### Important Road Work Now in Progress.

The Fiscal court at its last  
meeting voted to purchase a new  
tractor and grader to work the  
roads of the county, and the  
order has already been placed for  
the grader. The tractor will prob-  
ably be purchased this week.  
They adopted the plan of the  
state road supervisor which con-  
templates the rocking and grad-  
ing of the Salem road, to the foot  
of the Jim P. Moore Hill.

### WHOLE SQUADRON OF GERMAN SUBMARINES DISAPPEAR ON CRUISE

ZURICH, May 28.—A whole squad-  
ron of German submarines, of a new  
large type, failed to return after a  
cruise, according to information re-  
ceived from a German source. The  
new type U-boats are said to be most  
unsatisfactory, being too unwieldy to  
maneuver rapidly.

Other advices said a near panic  
prevails at Kiel and Wilhelmshaven  
(two of the main German naval  
bases) because the new British mine  
field in the North sea is hindering  
the movements of submarines. Con-  
sideration also reigns because both  
Ostend and Zeebrugge are bottled up.

## Scene From the Great Light Opera, "The Chocolate Soldier," Coming Here Chautauqua Week

"The Chocolate Soldier," Oscar Strauss' great light opera, will be presented by a company of 30, including orchestra, on the fifth night of the Redpath Chautauqua here this season. So great was the success of "The Mikado" last season that the Redpath management decided to present a light opera again this year, and in choosing "The Chocolate Soldier" selected an opera which holds a remarkable record for long metropolitan runs. For three years "The Chocolate Soldier" ran at the Casino Theatre in New York, and in the Redpath production this year are a number of members of the

original Casino company. In the company also are Miss Jeanette Studley, who appeared in "Robin Hood" with the De Koven company, and Miss Nelle Fleming, who will be remembered as having taken the part of Pitti-Sing in last season's Redpath production of "The Mikado." The stage and lighting effects of "The Chocolate Soldier" will be a revelation as to what can be done in this direction on the Chautauqua platform. The scene is laid in wartime in Bulgaria. Love, patriotism and comedy all figure in this great opera.

The entire production is presented under the personal supervision of Mr. Ralph Dunbar, who gave the Chautauqua audiences "The Mikado" last season and the White Hussars and Cathedral Choir the preceding years. Mr. Dunbar is thoroughly in sympathy with the ideals and principles of the Chautauqua movement as is no other producer of the day and in placing this production in his hands the Redpath management did so with perfect confidence that the results would be in complete harmony with the desires and tastes of its patrons.

## Right There, It Was!

What a glorious thrill comes to the veteran when he revisits the scenes where, with his comrades, he won imperishable glory.

## ON FIELD OF VICKSBURG

By Lieut. Col. J. A. Watrous, USA

WHILE in every rod of the Federal and Confederate lines, from the extreme right to the left, there is a spot of historical interest on the battlefield of Vicksburg, where the chiefest of the nation's military parks is located, only a few can be given special mention just now.

"Take a good look at the upright stone," said Captain Ritchy, president of the national commission having in charge the making of the Vicksburg Military park, who was our guide during the two days along the two lines of battle—the Federal and Confederate—and a better could not have been given us, for he lives in Vicksburg and has been on duty there from the beginning of the park. "There, on the ground occupied by the foundation for that cannon monument, Generals Grant and Pemberton stood July 3, 1863, when they talked over the terms of surrender offered by the Union commander."

At that time a considerable tree stood near the spot. Very soon afterward the tree, its limbs, bark and roots were cut into small pieces and on their way North, some by letter, some by express, and some by wounded men sent North. Bits of that tree can be found in thousands of homes—souvenirs of high value. Soon after the war the government erected a plain monument to mark the place of surrender. It was in a fair way to go as the old tree had gone when it was transferred to a slightly point in the National cemetery. When it was at the place of surrender hundreds of visitors chipped off chunks of marble to carry home. Men and women, strange as it may seem, armed themselves with small hammers for use in battering off souvenirs. But it is safe in the cemetery, where the superintendent keeps it in mind and view when the crowds come. Its four white corners resemble a big-toothed saw in an old-time lumber mill.

General Grant said but few words that faraway day, but there was deep meaning in them, and he wouldn't take them back, much as General Pemberton desired that he do so, and that is why, on that never to be forgotten Fourth of July, 29,672 Confederate soldiers, a lieutenant general, several major generals, and many brigadiers, 31,500 stands of arms, over 200 cannon, numerous transports, a great quantity of ammunition, and much other material were surrendered.

As our party fixed their eyes upon the brown cannon we thought of the excitement resulting from the victory—a victory for the civilized world, and an especial and a precious victory for the South, for from that day all possible chance of her setting up a separate government of even a small degree of permanency vanished forever.

Some of the younger editors, Youmans and Gleason among them, remembered, as boys, the wild rejoicing of the North. I remembered the cheers of the Army of the Potomac, right after Gettysburg, when the news of the great Vicksburg surrender was read to the men.

Not far from this cannon monument the two lines of works were so close together that a loud whisper could be heard from one side to the other.

It was a dust-covered, hungry, ragged Confederate who, when the white flag of surrender was displayed, sprang to the top of the breastwork and called out, "Why, dang me if you uns and we uns didn't e'n a most git right on top of each other."

And the brave young Johnny was right about it, strange as it seemed,

Memorial day takes on for all of us a new significance in this year of grace. In past years we have laid our flowers on the graves of the dead in loving and patriotic appreciation of the fact that they saw their duty and did it. Today the flowers will be laid as usual, but they will be but withered blossoms of the soul unless we lay with them the determination to do our duty in the crisis that confronts our country, even as these did theirs. It is a day for searching of one's soul, for a purging of all sloth and unwillingness to do our part, of noble shame at our failure heretofore to live up to the greatness of the opportunity which exists for every real American. It is a day for memory and manhood.

When the battle lines get so close together that both sides can stab soldiers with bayonets the warfare becomes awfully strenuous. That was the condition of things at Vicksburg at a number of places.

"That is Grant avenue, and yonder is where his headquarters were throughout the siege." The location was within easy range of several Con-

Sprang to the Top of the Breastworks. federate batteries, and it often occurred that the commander in chief's staff got a good shaking up from shell and shot.

### Corporal's Day of Triumph.

At the battle of Opequon Creek, where General Sheridan had formed his line along the north bank of the creek in front of a Vermont regiment, there was quite a deep gully. The banks were thick with blackberry bushes and the men had a hard time getting over through the bushes. As they came out they found a long line of breastworks in front of them.

They were ordered to lie down. Soon as the boys had got through a big Irish corporal, that had been called a coward in his company, jumped up and hollered at the top of his voice: "You cowards, get up and fight like men; follow me."

He started on the run up the hill with the whole regiment after him and over the breastworks they went, with the Irish corporal at the head.

This was the beginning of the victory of General Sheridan over General Early. No one ever called the Irish corporal a coward after that.

## "A SOLDIER OF THE SKY"

Captain George Frederick Campbell of the Royal Flying Corps Has Brought Down Eighteen Hun Airplanes—Lost His Entire Family in the War.

Father, mother, sister and three brothers the victims of the Huns; sixty battles in the air; eighteen hostile airplanes brought down; a silver plate in his hip where it was shattered by a German bayonet; a bullet through his lung while flying 10,000 feet above Beaumont Hamel in November, 1917, ending his fighting career, tells briefly the tragic and heroic three years that Captain George Frederick Campbell, of the Royal Flying Corps, has lived. Captain Campbell is to speak on the sixth night of the Chautauqua.

Campbell's father was the first of his family to fall, being killed in the memorable battle of Mons. At the battle of Loos his brothers, Bruce and Jamie Campbell, both lieutenants, fell with their faces to the foe, and in a trench not long after, his remaining brother, Captain Blaikie Campbell, was killed.

An invalid mother and a loving sister remained to mourn in the old ancestral home in the Mull of Kintyre back in Bonnie Scotland. Then his sister, bent on an errand of mercy, embarked on the ill-fated Arabic, and was counted among the lost when the vessel was sunk by a German torpedo. This final crushing blow killed the mother. Campbell, then a lieutenant of the Highlanders, was left alone.

Campbell was already a soldier of the king when the war broke out in 1914. A lieutenant stationed in India, he was ordered at once to the European front. In a few weeks he was fighting to stem the Hun advance on Paris.

At the battle of Neuve Chapelle in 1915, Captain Campbell was severely wounded, his hip bone being shattered by a bayonet thrust through the abdomen. Several months in a hospital followed. On his recovery he was declared unfit for further duty with his regiment. He then sought and found further service in the Royal Flying Corps. For two years, until again severely wounded, he fought the Hun in the air.

Probably no man alive has seen more fighting on the ground and in the air than Captain Campbell.

Captain Campbell, in his lecture, "A Soldier of the Sky," will tell of his flying fights on the western front, most of which he has written in his book of the same title that was recently published.

"Never refuse a fight," said Captain Campbell recently, "is the motto of the Royal Flying Corps. We learned that lesson early in the war, as the Hun is far inferior to our flying men in morale."

When he left active service Captain Campbell was fourth "ace" in the Royal Flying Corps. He worked in the single-seated scout type of machine, in which the pilot operates both the gun and machine.

Captain Campbell also took part in many bombing raids, the longest being an attack on the railway station and three supply trains at Seclin on the Belgian frontier. The station and tracks were demolished and troop and supply movements held up several days.

## What Americans Fight For

Let us proudly remember that in our time the greatest, the grandest, the noblest army of the world fought—not to enslave, but to free; not to destroy, but to save; not simply for themselves, but for others; not for conquest but for conscience; not only for us but for every land and every race.

—From an address by Colonel Robert G. Ingersoll on May 30, 1881.

## INSPIRATION TO BOYS IN KHAKI

Country's Defenders Today Learn Lesson From Thin Blue Line.

THE veterans of the Grand Army of the Republic furnish always an inspiring spectacle to the intervening generations. These young men, who so many years ago marched southward to the call of Abraham Lincoln, march again today. Their line is thin. The feet which advanced vigorously to battlefields for the republic are uncertain. The weight of the years drags them down. Backs are bent by the burdens of war and of life. The eyes which once flashed to the call of duty gaze dimly upon a sunlit world.

But the hearts of these heroes in blue—these men who offered the last measure of sacrifice to their country more than half a century ago—are as sound as they had been in the remote period of their youth. They beat as high to the inspiration of the crisis through which the country and the world are living. These men who played a manly part in one of the

With His Grandson in Khaki.

epics of history decline for the most part to give up their parade, the feature of Memorial day. They are determined to show the younger generation that if their bodies suffered from the ravages of campaigns and of time, the high luster of their courage and their devotion has not been tarnished by the years.

It is fitting that the heroes in blue should give to the soldiers in olive drab this demonstration of their endurance of body and of soul. It is well that the soldiers in olive drab, on the eve of their own great adventure, should salute the heroes in blue whose spiritual descendants they are.

For the cause which the men of the Grand Army of the Republic upheld is the same as the cause which the young men of today have rallied to uphold. It is the cause of America, in the sixties as now, the champion of justice and freedom.

### Ex-Confederates Draw Pensions.

It will be news to most persons that a great many former Confederate soldiers draw pensions from the government. Some of them were deserters who enlisted in the Union armies; others were prisoners of war who did the same thing. Six regiments of so-called "penitent rebels" were organized by the federal authorities from the prison camps at Point Lookout, Rock Island, Alton, Camp Douglas and Columbus. They took the oath of allegiance, and the men were credited to the quotas of the states they elected to serve.

## Man Who Held 125 Jobs in Three Years to Talk Here Chautauqua Week

ONEY FRED SWEET.

Oney Fred Sweet, Chicago newspaper man, who in three years held 125 jobs and wrote about them a series of supremely interesting newspaper articles, has been secured to tell the story of his varied industrial career on the Redpath Chautauqua platform here this season.

Here is a man who can tell how it feels to be "In the Other Fellow's Shoes," which is the title of his lecture.

Mr. Sweet's story, besides being interesting and full of humor, has a distinct economic value. It throws a vast amount of light upon industrial conditions as they actually exist. It is human and informative.

In his job-filling career Mr. Sweet, among other occupations, was a beggar on the streets, a stevedore, a fireman on the railroad, a Pullman porter, a clown with a circus, a cowboy, a lumberjack. He tells the story of these and many other jobs in his interesting Chautauqua lecture.

## WOMEN'S WOES

Marion Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity. They must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know. Mrs. E. J. Gibbs, W. Belleville St., Marion, says: "I have used Doan's Kidney Pills off and on for many years with the best of results. Whenever my kidneys have acted irregularly, or my back has been weak, or ached, I have bought a box of Doan's Kidney Pills at Orme's Drug Store and they have never failed to relieve the complaint."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gibbs had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## SANE ECONOMICS IN THE HOUSEHOLD

Mrs. Christine Frederick Will Discuss Topic at Chautauqua Here.

### HINTS ON HOW TO SAVE

Noted Expert Nationally Known Through Her Newspaper and Magazine Articles Will Give Results of "Applicroft" Experiments.

Mrs. Christine Frederick with whom almost every housewife in America is familiar through her books on home economics and her articles on that subject which appear in the metropolitan daily papers, the farm magazines and the Ladies Home Journal, will be heard on the Redpath Chautauqua platform this season in a great lecture on "Economics in the Home."

MRS. CHRISTINE FREDERICK.

efficiency kitchen experiment station at Applicroft, her Long Island home.

Mrs. Frederick is an authority on the subjects of efficient housekeeping, household purchasing and woman's influence in civic improvement. She was the only woman representative of consumers asked to appear before the congressional committee on anti-trust legislation.

Her lecture on household efficiency fits wonderfully into the work of helping to win the war. Efficiency in the home means food and time saved, food for our allies and our armies overseas, time for Red Cross and other similar work here. Incidentally household efficiency means a cut in the cost of living.

## HUMOROUS PHILOSOPHER

Lou J. Beauchamp Will Lecture at Chautauqua.

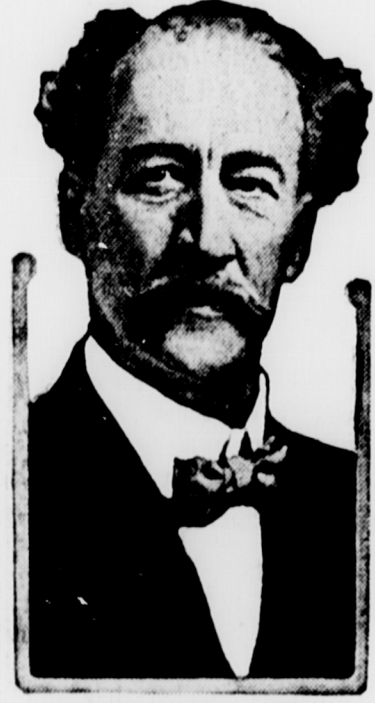

### MIXES FUN AND WISDOM

Dean of Platform, Great Traveler and Writer, Deals With Subjects of the Hour.

"The Humorous Philosopher" is the title given everywhere to Lou J. Beauchamp, one of the headline lecturers of the 1918 Chautauqua program.

This title was given to Mr. Beauchamp because of his happy faculty of delivering his messages with an accompaniment of mirth and fun. Stories sparkling with wit and humor abound throughout his lectures. He is an entertainer of the first rank as well as a lecturer.

Mr. Beauchamp has had a remarkable career. His mother died when he was a babe and much of his childhood

was spent with the Indians of the Southwest with whom he was left by his grandfather, an Indian trader.

At thirteen he learned the printer's trade and began his wanderings and writings. Although a graduate of no school except the College of the Spare Hours he has been reporter and editor on metropolitan dailies and at thirty had written a book which has been read by a hundred thousand people and translated into many tongues.

Keeping a record of every mile he has traveled, both in the old world and the new, Mr. Beauchamp has to date covered over 1,300,000 miles of the earth's surface.

## For the Big War Savings Stamp Drive, June 24 to June 28

State Headquarters of the War Savings Committee in Kentucky is very busy these days preparing for the big June drive for pledging the State's quota, or what remains of it on June 24 next, when the drive starts. The plans for the drive were outlined at a meeting of county chairmen with members of the National Committee at Lexington on Friday of last week, and the hundred county chairmen in attendance upon the meeting were shown how easily the plans can be carried into effect in the State of Kentucky.

The general outline has been fitted to the campaign in Kentucky, and printed forms are being rushed through in order to get them in the hands of county chairmen as speedily as possible. The whole thing depends upon organization in the several counties of the State, and the counties represented at the Lexington meeting and those whose chairmen were unavoidably absent on that occasion were pledged to the National Committee to make whatever organization is essential to the success of the Nebraska plan.

Rather than to devote every week of the remaining months of the year 1918 to the work of the War Savings campaign, it was determined to make one big drive, June 24 to June 28 next, closing on National War Savings Day, during which time the rest of Kentucky's quota, that not already secured, will be pledged by its citizens, to be purchased during the six months following. This drive will not be for sales of stamps, but for pledges. When it is over, and Kentucky's quota has been pledged by her loyal citizens, the rest of the year will be mere "follow up" to see that the War Stamps are purchased as the months pass, to the end that when December 31 comes we can wire Chairman Vanderlip, of the National Committee, and our own Federal Director J. D. Lyon, that Kentucky has met her obligation as she always has done in the past, and over-purchased this best Government security.

The War Savings activity in Kentucky stood aside recently and helped "put over" the Third Liberty Loan campaign. Its organization has done its part in the other war activities of the year, and our county chairmen can now call upon those loyal men and women for assistance in our big June drive. Already scores of persons who have been engaged in the other activities have tendered their services to county chairmen for this drive, and in every instance their tender of service has been accepted. We should add every volunteer to the ranks of campaigners for the June drive.

The plan of winding up the big campaign with a public meeting in every schoolhouse in Kentucky in the afternoon of June 28, which is to be proclaimed National War Savings Day by President Wilson, by Governor Stanley and by the Mayor of every city, town and hamlet in the State, and at a time when all of the other States of the Union are holding such meetings, is a splendid one. The entire country will take an hour off on this day to pledge itself to Thrift and War Savings. Men and women of the entire country are not invited to attend, but are to be told that they are expected to be there to participate in the meeting of their community. The meetings are not to be adjourned until each community in each State of the Nation has pledged its quota, which will be announced in advance of the meeting.

In order to start off each meeting in the State of Kentucky with the proper enthusiasm the four days preceding the holding of the meeting will be devoted by the organization in each school district to securing in advance of the meeting the pledges of as many of the people of each community as can be seen in that limited time. A record of those pledging in advance of the meeting will be read at the meeting to show that they have already signed up to save and serve their country. A record also will be kept of those of each community who do not answer present when the community roll is called. Our Uncle Sam wants to know if there are any in the community who are not in sympathy with him as well as he wants to know the names of those who answer the call of the President on that great June day.

We must have your help, Mr. Banker. We have not hesitated to ask you to spend the bank's money to assist the advertising campaign. We are asking now more than that. We need your personal, active help. We want you to direct every one of your employees to urge constantly the sale of War Stamps. Good investment as they are, the stamps will not sell themselves. Your tellers have daily opportunity to urge the sale of the stamps. In a great many instances it will take only a suggestion from them to get your customers to put some of their money into stamps.

W. S. S.  
Fleming Going Well.  
"Sales in Fleming county have passed the \$100,000 mark," writes J. W. Heflin, chairman of War Savings Committee for this county.

W. S. S.  
What Am I Doing?  
Ask yourself this question: "What am I doing toward helping my country in the war?" If you are not doing something don't you think you are a very lukewarm American?

The Government doesn't ask very much of you. It merely asks you to do without unnecessary things and invest your money saved thereby in securities. You can buy War Savings Stamps and assist the nation.

Remember that every time you buy a War Savings Stamp, which is redeemable in gold in 1923, you are firing a shot at Berlin.

W. S. S.

How About It, Mr. Banker?

The bankers of Kentucky do not yet fully realize the importance of the War Savings campaign as part of the much greater campaign to defeat the Huns of Europe. It is not the primary purpose of the War Savings campaign to get two billion dollars for the Government, important as that is. Our primary purpose is to give direction to the tremendous, but scattered energy of Mr. Average American. Every twenty-five cent piece put into a Thrift Stamp, every four dollars and fifteen cents put into a War Savings Stamp is just that much more energy released for the blow our Government is striking.

Of all people in this country, bankers ought to be the first to see this, and to appreciate also the great and valuable lesson of thrift which will be driven deep into the minds of the present and rising generation if the War Savings campaign really succeeds. Many of the banks in Kentucky are not yet actively interested in the War Savings movement. A great many of them, indeed, have the stamps on sale. Nearly all of them have displayed our posters. But there for the most part ceases.

### Not a Child's Movement.

The War Savings movement is not a child's movement. It would be a capitalist movement if Uncle Sam had not put the limit at \$1,000. If you do not buy your quota of War Savings Stamps you really have no right to complain if men with large amounts of money are given the preference in absorbing issues of Government securities in the future.

### What Your Country Expects.

Your country is counting on you to furnish the sinews of war in this, the mightiest contest that the world has ever known. It is counting on your money, your labor, and your spirit of self-sacrifice. World wars can not be won by talk alone, and they can not be won by resources unless those resources are so directed that they count in the actual prosecution of the war.

America, as we all know, is the richest nation in the world. It has the most money, the most factories and the most natural resources. But the money will not do us any good in the war unless it is mobilized for the use of the Government.

This is why the War Savings Stamp campaign was devised by the Government. It gives every man, every woman and every child an opportunity to do something for the country they love. You do not have to be a millionaire and buy a lot of bonds. Your twenty-five cents for a Thrift Stamp or your \$4.16 for a War Savings Stamp will help your country and help it now. And the fact that you did without something to get the money to purchase this stamp will help even more, for the country can not get its war work done if the factories are busy ministering to your pleasure.

CHICAGO ORCHESTRAL BAND.

The Chicago Orchestral Band, which will give a grand concert on the sixth afternoon of the Redpath Chautauqua here and a pleasing prelude at night, was organized by the famous bandmaster, Bohumir Kryl, which fact is in itself sufficient guarantee of the musical excellence of this company.

Mr. Kryl is not only known everywhere as a bandmaster and cornet virtuoso of supreme artistry, but he has achieved a remarkable success as an organizer of musical companies. Mr. Kryl is well known on the Redpath Chautauqs over which his own band has toured several times.

The Chicago Orchestral Band is composed of six young men, each of them an all-around musician, and a soprano soloist and accompanist. The

orchestral arrangement features H. J. Leake, for several years trap-drummer and marimbaphone soloist with the Kryl Band. The work of this versatile musician is one of the delights of this company's entertainment.

In addition to the orchestral work of the band, the members compose a saxophone sextet. The saxophone has long been used in the military bands of Europe, notably in those of France. It is now used in orchestras and bands of this country. Many organizations use one or two saxophones for the mellow effect this instrument produces, but here are six saxophones, and six saxophones played conjointly form a complete musical organization, giving effects as finished as those of a band or orchestra or choir.

### Mexico Breaks With Cuba.

Mexico City, Wednesday, June 5. —Mexico has severed diplomatic relations with Cuba. ## WHO HAS BEEN THIS COUNTY'S MOST PROMINENT CITIZEN DURING THE PAST HALF CENTURY?

HAS OUR COUNTY A BUILDING OVER FIFTY  
YEARS OLD WORTH A PLACE IN HISTORY?

Kentucky is to have a Hall of Fame—limited to the most prominent citizen, man or woman, in each of the 120 counties.

We have been asked by the Courier-Journal at Louisville, which is celebrating its semi-centenary by publishing interesting historical facts about every section of the State, to give our people an opportunity to select by voting this county's representative in this Hall of Fame.

The Courier-Journal will print pictures and brief life sketches of those chosen by the different counties. These will appear daily during this summer and fall, in a series of 120 articles—one to each county—entitled, "What Kentucky Has Done in the Past Fifty Years," concluding with the issue of November 8, which is the Courier-Journal's Golden Jubilee day, having on November 8, 1868, succeeded the Louisville Daily Journal, which was started in 1830, the Louisville Daily Democrat, begun in 1843, and the Morning Courier, first issued in 1844.

In addition to the picture and sketch of our county's most prominent citizen, the Courier-Journal wants for the article on our county a picture of and brief story about the oldest building in our county—church, school, home, business or Government structure. Use the coupon below. Fill it out, write plainly with pen or pencil, and bring or mail to our office on or before June 15.

We will announce in our paper, as soon as the coupons have been canvassed, the name of the prominent citizen receiving the largest number of votes, and the building found to be the oldest in this county. The Courier-Journal will furnish us with half-tone illustrations of both, together with the article to appear on our county, and we will reproduce these immediately following their appearance in the Courier-Journal.

Three leading citizens of our county will be asked by us to canvass the coupons when all are in. In case of a tie, this committee will make a choice and the decision will be final.

## SECOND WAR FUND RED CROSS CAMPAIGN.

As campaign manager for Crittenden county for the Second War Fund Red Cross campaign, I wish to thank every citizen of the county who aided in the success of this campaign, and it gives me pleasure to show to you what the Kentucky State Manager has to say in regard to the work of the people of Crittenden county. I have just received this letter from him, under date of May 31.

"I want to congratulate you with all my heart on your splendid accomplishment in Crittenden county and, at the same time, to thank you.

"The response to the call has been so gratifying and the result obtained so far beyond the expectations of any of us, it is mighty hard to single out any one particular Chapter or Section for a special praise. But I do believe that you are entitled to a special mention, and I want to express to you and to your co-workers, in my feeble way, the appreciation of this great organization for your efforts.

"It looks like the State will go \$2,200,000.

Yours very truly,

J. R. Downing,  
Kentucky State Manager."

While we have done a great work in the county, I regret to find from this campaign that many of our citizens have not yet awakened to their obligations to the Government and their duty to help in this time of stress. I feel, however, that they will realize their duty and obligation, and that during the coming campaign they will be impressed to do their part. As has been truly said, "He who is not for us is against us," and those who withhold their help in this time can not be considered true American citizens and deserve the condemnation of all patriotic citizens.

In this campaign, our Executive Committee felt that it would be a good plan to have canvass made by school districts and team captains were appointed for each district named below, to whom we sent supplies for making the campaign. Our committee proposed to give a flag of honor to that school district in Crittenden county, outside of Marion, Dycusburg and Tolu, that made the largest contribution to this fund. Marion, Dycusburg and Tolu were excepted on account of the fact that they are Graded school districts, and it was felt the contest should be between the Common School districts. We regret that some of the districts named below have failed to make a report or to send in any contribution but I am sure that reports are on the way, and that we will hear from them, as I can not believe there is any school district in this county, in which no one desires to contribute to this cause. As the reports are all due, our committee met on yesterday, and awarded the flag of Honor to Boaz school district, or better known as Seven Springs; this district gave \$208.25, and I am glad to say that, while this district wins the flag of Honor, there were no large contributors in the district, showing that a larger percentage of the citizens of that district contributed than perhaps any other district in the county. This shows that, in every community where every citizen is ready and willing to

do his part, the results will be great. Our total collections to date are as follows:

School districts	\$2,624.99
Dycusburg	89.00
Tolu pledges \$30.00 cash	1989.36
Marion	3569.88
Total	\$8273.23

In addition to collections there are several hundred dollars in pledges yet to be collected.

I feel that special mention should be made of Tolu in the great work that has been accomplished there. While Tolu is not large, in numbers, yet, the results show her people are large in generosity.

It is true that, in receiving reports from so many, mistakes are likely to occur. However, our Cashier has kept the accounts as accurately as possible from the reports received, and I believe the following is a true report for the various school districts of the county, viz:
